Your initials: KK

If all the grant funds have not been expended, you may request a 6-month grant extension which will give you additional time to expend funds for the public purpose of improving and ensuring the safety of elections in 2021. If you request an extension, you'll be required to submit another grant report by July 31, 2021.

6. Are you interested in requesting a 6-month extension to your grant agreement in order to spend down your grant funds? No, I do not need an extension.

Here's an opportunity to celebrate your accomplishments! What did you do with the CTCL COVID-19 Response grant funds that you're most proud of?

We spent it all on additional poll workers to ensure a safe, secure and transparent election!

If your annual budget for elections permanently doubled, what would you be able to accomplish that you can't accomplish now?

More training for our Elections Director and poll workers, better compensation for poll workers (and therefore more qualified poll workers). Recruitment of poll workers is very difficult as it is essentially a volunteer position.

In your state, how are you trained to administer elections? Does your state, state association, or another group offer trainings? Do you receive credit for attending, or certification? What has your experience been with the program?

We get minimal training (8 to 16 hours/year) from our Secretary of State.

Any other thoughts you'd like to share?

Thank you for the grant funds, they were essential in helping to recruit the large of number of poll workers required this November!!

Once a month, we send out a newsletter called ELECTricity, which helps election officials stay current with election administration stories, technology, and best practices. We also send periodic updates about CTCL's trainings, resources, and tools. Would you like to receive this newsletter?

Yes, I'd like to receive CTCL's newsletter.
